

Amendment to Memorandum of Understanding

This Amendment dated as of February 1, 2019 pertains to and is made part of the Memorandum of Understanding ("MOU") dated as of January 14, 2019, between PRM Analytics ("PRM") and the Indianapolis Health Practice of Milliman, Inc. ("INH").

Recitals

Twenty-five additional User Client Access Licenses ("CALs") will be purchased for use on the internal QlikView server hosted in the Indianapolis Data Center ("Indy-SS01"). The usage and maintenance of Indy-SS01 will be more formally considered part of the Milliman Access Portal offering.

The terms and conditions that shall apply are described herein.

TERMS

1. Qlik charges PRM \$30,000 up-front costs for these new licenses. PRM will invoice INH a one-time \$20,000 amount. PRM will be responsible for providing the remaining \$10,000.
2. PRM will continue to cover all renewal fees from Qlik for all Indy-SS01 licenses going forward (for these new 25 licenses and all existing licenses)
3. INH users of Indy-SS01 will now be charged under the standard MAP pricing for Milliman users. Pricing can be found on the MAP Support site (<https://indy-github.milliman.com/pages/MAP/#pricing>). An INH user that accesses both Indy-SS01 and MAP will only count as a single user (i.e. they will not incur double the costs).
4. PRM will continue to maintain Indy-SS01. INH will be closely involved in any future plans to shift functionality away from the Indy-SS01 service.

IN WITNESS WHEREOF, the Parties have executed this MOU as of the date first written above.
