

## New York Health and PRM Analytics Premier servicing contract

This internal contract covers the division of labor, roles, responsibilities and revenue between the NY Health and PRM practices in regards to the servicing of the Premier reseller agreement.

### Revenue Sharing

Premier revenue sharing will be according to the calculations agreed to and documented in the accompanying Excel workbook.

### Client Contact

PRM and NY Health will both maintain appropriate channels of communication with Premier. NY Health will be the primary contact for any of Premier's clients. PRM will be the primary contact with Premier's data and integration teams.

### Implementation

Medicare ACO Clients (i.e. CCLF data sources)

NY Health staff will be responsible for authoring and maintaining each client implementation. PRM staff will be available to assist as needed. PRM will charge hourly fees to NY Health for any client-specific assistance.

PRM will be responsible for maintaining the existing CCLF implementation library.

Non-Medicare ACO Clients (i.e. non-CCLF data sources)

PRM staff will be responsible for authoring and maintaining each client implementation.

### Production

NY Health staff will be responsible for production work. This would include tracking receipt of data, execution of pipelines, and final deliverable peer reviews. PRM staff will be available to assist as needed. PRM will charge hourly fees to NY Health for any client-specific assistance.

PRM will make available any production-related enhancements developed to NY Health. PRM will consider NY Health production feature requests, but PRM will be responsible for prioritizing these feature requests. NY Health may offer to pay PRM's hourly development costs to get a feature implemented sooner than PRM would otherwise do so.

### Development

Each practice will be responsible for the development work supporting any intellectual property (IP) owned by that practice. NY Health is the IP owner for Post-Acute Care analytics and ACO Insight. PRM is the IP owner of the enhanced Premier data feed. PRM will be responsible for maintaining the already implemented, publically available IP (e.g. AHRQ-PQIs, CMS-HCCs). For the IP owned by other Milliman practices, the following development responsibilities will apply:

- PRM
  - HCG Grouper
  - Waste Calculator
- NY Health
  - HCG Benchmarks
  - DRG Benchmarks
  - CCHGs

New York Health and PRM Analytics  
Premier servicing contract

PRM and NY Health will be responsible for any license fees for any IP they have development responsibility over, except for those explicitly called out in the revenue share calculations (i.e. Waste Calculator and CCHGs). PRM will charge hourly fees to NY Health for any development assistance related to NY Health assigned IP above.

### Compute and Storage Infrastructure

PRM will be responsible for supplying the compute and storage infrastructure required to service the Premier contract. PRM staff will be responsible for all configuration, maintenance and troubleshooting.

### Report Hosting

This contract does not cover any aspect of report hosting. Each practice will be responsible for any report hosting costs incurred as part of the Premier contract for their IP.

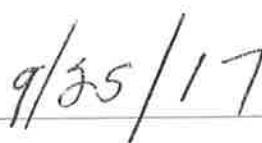

### Hourly Rates

For the remainder of CY2017, PRM staff will charge \$100 per hour for any assistance with implementation, production and development as outlined above. In January of 2018 the rate will raise to \$200 and then raise 3% every January thereafter.

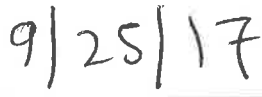

---

I acknowledge the receipt of this contract and agree with the scope and terms.
